

Whole life costing for Healthcare Buildings

*Chair – Tim Challis, Community Health Partnerships
24th June 2009*

What is the SHINE network?

SHINE aims to help NHS Trusts improve the sustainability of their buildings by providing a learning network with:

- guidance
- case studies
- events, and
- training

on all aspects of sustainable buildings and how they can be delivered through NHS procurement processes.

- SHINE aims to accelerate the take up of sustainable practices in healthcare buildings
- SHINE will work with NHS Trusts, Strategic Health Authorities, and their partners to help:
 - Increase awareness of sustainable healthcare buildings
 - Enhance capacity and understanding about implementing sustainability
 - Increase the delivery of sustainable healthcare projects

Future SHINE events & research

Practical whole life costing training

September 2009

Health and wellbeing

Autumn 2009

Making Existing Healthcare Buildings Sustainable

Research findings

Winter 2009
